RSI Systems ("Company") agrees to provide services to their customers according to the following Terms of Use (TOU), therefore, use of services "the Company" means understanding, acceptance and compliance with them .

Policies Terms of Use may be changed at the discretion of the Company and the customer understands that changing them is not a basis for early contract termination or nonpayment.

This Agreement should be construed in accordance with the laws of Argentina. When hiring any service that "The Company" offers, it is assumed that you accept these policies, and must comply.

1. Disclosure to Law Enforcement: The TDU specifically prohibit the use of enterprise services for illegal activities. Therefore, you agree that the Company disclose any and all information including assigned IP addresses, account history, account usage, etc.. for any law enforcement officer to conduct a written request without prior consent or notification to Customer. RSI Systems also has the right to terminate any service published in accordance with the provisions of this Agreement.

2. Price of service: Customer assumes known the nature of services provided and the fees and charges, which were initially reported. The Client is aware that "the Company" may change the rates and charges specified at any time. The deals are possible, and depend on the acquisition and maintenance cost of services, including fees charged to the Company by its suppliers. The offers are valid during the first period and when the service is renewed, the price is the value beyond promotion (unless otherwise specified).

3. Payment: Payment of service is as follows:

Hosting: Twice-yearly or yearly in advance.

Web design prepay: Half the total amount before signing the contract for “Web development” and the other half to finish it.

In the case of web design plans, late final payments, generate a surcharge of 3% per day. After 15 days past due, the site will be discharged until they pay the balance. If you made a bank deposit or paid in Easy Pay, you must notify from our site> Access customers> Payments. This is the only way to report payments and relate them to a service. If payment has not been informed as follows, the service will be considered unpaid and will be suspended. In your control panel you have the maturity of the contracted services to “The Company”

4. Failure to Pay: The Company may temporarily deny service or terminate this agreement if there is a lack of customer payment for charges, the payment date.

This termination or denial of service shall not relieve the Customer of the responsibility for payment of accrued charges, and the service will not be reactivated under any circumstances until payment is not effective.

5. Account Completion: Orders to complete an account must be made before the first day of the month for renewing the service by sending an email to: marketplace support with the subject “low service”. If not required to cancel the service before that date, service will be automatically renewed for a period of time equal to the previous and recorded the charge for the hosting plan contract.

6. Hosting Service Interruptions: The Customer acknowledges that the service provided is of such nature that it can be interrupted for many reasons beyond the Company’s negligence and that damages resulting from any interruption of service are difficult to determine. Accordingly, you acknowledge that the Company is not responsible for any harm resulting from such causes beyond the direct and exclusive control of the Company. The client also recognizes that the responsibility of the Company for its own negligence may not in any event exceed an amount equivalent to the service fees paid by Customer during the period when damage has occurred. In any event, the Company should be liable for any special or critical, loss or injury.

7. New accounts and transfer of domains: All new accounts or transferred from other servers will be discharged and admitted to our domain name servers

(DNS) within 24 hours. ability to receive the payment report. However, due to unforeseen complications, this process can take up to 72 hours. working. Beyond the time it takes to register the service on the network, for both cases, the Customer must consider the time it takes to update the server data by the Registering Entity (Nic, Nic-ar, etc.)..

8. Support Limitation: RSI Systems supports its customers through:

*** Online Support: Monday to Friday from 9 to 19 pm.**

*** Marketplace support**

The Company limits its support to their area of knowledge, physical functioning that provides hosting, this includes use control panel, administration and configuration of email, file upload. RSI Systems offers no specific support, such as CGI or PHP programming, HTML or any similar issue related to the specific design and programming of the website (these must be communicated to the designers allocated to the development of their website). "The Company" offers no support for Mac OS, or customers of Resellers and Dedicated Server Administrators, in such cases, the support must be provided by the manager concerned. For technical support, first check if your question is not adequately answered in the Support section that provides the Company.

9. E-mail SPAM and Unsolicited Commercial (ECNs): RSI Systems has zero tolerance for sending E-mail Unsolicited commercial (ECNs) or SPAM through the network of "Enterprise". This means that customers should not use or permit others to use the network to negotiate with ECNs. Customers should not host, or permit hosting, sites or information that is advertised by ECNs from other networks. The violation of this policy has severe penalties, including termination of service:

or Before the notification of a violation SPAM policy, RSI Systems will initiate an investigation (within 48 business hours of notification). During the investigation, "the Company" Customer restrict access to the network to prevent further violations. If you find that a client has violated the SPAM policy, RSI Systems may, in their view, restrict, suspend or terminate the account in question. Additionally, "the Company" reserves the right to sue for relief for any costs associated

with the investigation of a confirmed violation of policies and inform the legal authorities if the violation is a criminal offense. o The first violation of this policy will result in an administrative fee of \$ 50, -, suspension of your account and review for possible immediate termination. A second violation will result in an Administrative Fee of \$ 100 - the suspension of the account and the review for possible immediate

termination thereof. The third violation constitutes immediate account termination without notice and without client's right to demand the information hosted on your site or refund of your money. Users who violate this policy agree that in addition to paying these penalties as "administrative" Research will pay a fee not to exceed \$ 20, - per hour will be assuming that staff investigating the matter.

PLEASE MAKE NO SPAM from your account.

or as a client, you are responsible for the actions of their customers through the networks of RSI Systems, so it is advisable to develop a similar policy and restrictive to their own customers.

IMPORTANT: Anyone hosting websites or services on your account and approve or causes to spammers' IP addresses "the Company" be listed in any SPAM database, will cause your account is automatically suspended. The service will not be reconnected until the customer agrees to halt the activity and pay the charges set forth. Severe violations and / or repeated may result in immediate and permanent account deletion without notice.

10. Domain Alias Hosting: Domain aliases have the sole function of being used as an alternate name to access the same content that addresses the primary domain. It is strictly forbidden to use the domain alias to point to a different content through the use of different mechanisms (eg redirections).

11. Network

or IP Address Ownership: If "the Company" Customer assigns an IP address for use, right on that IP belongs to RSI Systems, which also reserves the right to change or remove any IP addresses in question.

or Bandwidth and Disk Usage: Customers agree that bandwidth and disk usage shall not exceed the value of megabytes per month of service requested in the contract form. "The Company" will monitor both values and overcome if the same is entitled to take corrective actions, which may include applying for migration

to a higher plan (with consequent additional charges), the suspension of services (with no response) or the completion of these actions can be taken by RSI Systems in its sole discretion. The customer is not entitled to the refund of value paid in advance, from such actions. or System Security and the Web: Users are prohibited from violating or attempting to violate the security of the RSI Network Systems. If such violations result from a civil debt or criminal, RSI Systems will investigate the events that surround them and cooperate with law enforcement authorities to prosecute users who are connected with them. These violations include, without limitation:

- * Access information that was not assigned to a User or logging into a server or account, for which such User is not authorized to access.
 - * To test, scan or test the vulnerability of a system or network or to breach security or authentication measures without proper authorization.
 - * Attempting to interfere with service to any user, host or network, including but not limited to “overloading,” flooding “,” mail bombing “or” crashing “.
 - * Forging any headers of TCP / IP packet or any part of the header information in any email or newsgroup.
